

Therformance – Performance in Thermoforming

Dear Thermoforming Specialists,

Welcome to the 17th ILLIG Open House. **State-of-the-art innovative thermoforming lines** and **intelligent solutions** for your success will be presented. There will be **several premieres**, machine demonstrations and technical presentations. Visit the **ILLIG mold shop** and have a look into our **new packaging lab**. **Innovative solutions** for decoration technology with **IML-T[®]** will inspire you. And - we will conclude the day by having dinner at a knight's castle.

Who's who of the industry

The annual ILLIG Open House has developed into the who's who of the thermoforming industry. Use this opportunity to expand your network in a relaxed atmosphere. A variety of up-to-date topics will be presented, such as technology, service and sales

Premiere

ILLIG will present the new **IC-RDM 73K automatic roll-fed machine** with enlarged forming area and a **lightweight mold** to allow fast mold changes. **Controlled compressed air (3 bar)** in the new **IC-RD 74** ensures high-speed production of high-quality parts with **cost-effective mold options**

Cleantivity® concept

With the **Cleantivity®** concept ILLIG has consistently pursued a **strategy of increased productivity in thermoforming**. Learn more about **optimized quality time** and **clean production with constant machine availability**. Different machine lines will be available for demonstration runs.

Pactivity®

As part of the **Pactivity®** packaging development we will present to you for the first time a **new packaging lab** with modern equipment for an initial realization of your ideas.

ILLIG Service

There's simply more in it for you!

- | ILLIG NetService
- | Service hotline
- | Spare parts and upgrades
- | Global service and support
- | Technical training and consulting
- | Repairs, maintenance and commissioning

Get **up-to-date information** on mold maintenance, software upgrades, and the benefits of service contracts.

Evening event

We will conclude the day at **Castle Guttenberg** outside the city of Heilbronn where we will be going on a **time travel** back to the **Middle Ages**. Celebrate with us a **knight's dinner** served in medieval fashion at this historical site with entertaining jugglers, pale ghosts and so many more attractions ...

The castle is one of the last **fully preserved Staufer castles** in Germany. Ever since its foundation somewhere around the year 1180 it has been inhabited. And it has been in the possession of the Freiherren von Gemmingen (noble family) for more than 550 years.

Send your Open House registration and experience **ILLIG *Therformance*** live.

We are looking forward to your participation!

PS: Of course, interested colleagues are also invited. Please forward this invitation accordingly.

Thank you very much
